# Peter Salah

## React / Next.js Front-End Developer

Assiut, Egypt | +20 120 499 5735 | petersalah104@gmail.com | github.com/petersalah1 | petersalah.vercel.app

## PROFESSIONAL SUMMARY

React / Next.js Front-End Developer with hands-on experience building responsive, API-driven web applications using Next.js App Router, React.js, JavaScript ES6+, Tailwind CSS, Axios, and TanStack React Query. Experienced in full e-commerce flows including authentication, cart, checkout, online payment, and orders page, plus educational platforms, protected routes, reusable components, dashboards, and Arabic RTL interfaces.

## TECHNICAL SKILLS

**Frontend:** React.js, Next.js, Next.js App Router, JavaScript ES6+, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Design, Arabic RTL Layouts

**State, APIs & Data:** TanStack React Query, Axios, REST APIs, Context API, LocalStorage, FormData, Custom Hooks, Reusable API Services

**E-Commerce Features:** Authentication, Cart Management, Checkout Flow, Online Payment, Orders Page, Product Filtering, Sorting, Pagination

**UI, Tools & Deployment:** Figma to Code, Dashboard UI, Git, GitHub, VS Code, npm, Vercel, Framer Motion, Lucide React Icons

**Currently Learning:** TypeScript, Redux Toolkit

## EXPERIENCE

**Freelance Front-End Developer** | *Egypt / Remote* | *2025 - Present*

- Built responsive websites and web applications using React.js, Next.js, JavaScript, Tailwind CSS, Bootstrap, and REST APIs.
- Developed full e-commerce features including authentication, product browsing, cart management, checkout, online payment, and orders page.
- Integrated frontend apps with backend APIs using Axios and React Query, including reusable services, custom hooks, mutations, dynamic routes, and protected UI flows.
- Delivered client and practice projects across educational platforms, e-commerce apps, tourism websites, landing pages, dashboards, and Arabic RTL interfaces.

## PROJECTS

**NextShop E-Commerce Web Application** | *Front-End Developer*

**Live:** next-shop-kappa-wine.vercel.app **| GitHub:** github.com/petersalah1/nextShop

**Tech:** Next.js, React.js, Tailwind CSS, React Query, Axios, Context API, LocalStorage, Online Payment

- Built a full responsive e-commerce application with authentication, cart management, checkout flow, online payment, and user orders page.
- Developed product listing, product details, categories, brands, sorting, pagination, discounts, ratings, image gallery, and shopping flows.
- Created reusable API services and custom hooks to organize data fetching, mutations, cart actions, checkout handling, and order management.
- Managed cart and user flow using Context API, LocalStorage, Axios, and React Query to support a smoother shopping experience.

**Ahmed Megaly Educational Platform** | *Front-End Developer*

**Live:** ahmedmegaly.sck.guru | Tech: Next.js, React.js, Tailwind CSS, React Query, Axios, Context API, Framer Motion, Google Login

- Built responsive Arabic RTL interfaces for courses, lessons, revisions, exams, authentication, store, cart, and checkout.
- Integrated backend APIs and protected lesson flows including exams, scoring, revision tracking, and sequential content unlocking.
- Implemented reusable UI sections, API-driven pages, Google Login support, and interactive flows for student learning and assessment.

**Nivirra Tourism Website** | *Front-End Developer*

**Live:** petersalah1.github.io/Nivirra | Tech: HTML, CSS, JavaScript

- Built a responsive tourism website with trips, tailor-made tours, offers, traveler feedback, map, and interactive tour customization flow.

## EDUCATION

**Higher Technological Institute in Beni Suef** | Bachelor's Degree in Computer Science / Programming | Expected Graduation: 2027

## LANGUAGES

Arabic: Native | English: Good
